

SYNTRA

Designed By: Oficio

Too often, performance seating disrupts the rhythm of a well-composed space. Visually heavy, overly technical, and out of step with the language of design. SYNTRA was created in response, born from a desire to bring strength and softness into balance.

Named after the Latin word for "with strength," SYNTRA carries itself with quiet resolve. Its architectural silhouette and light, breathable mesh invite presence without intrusion. Thoughtful ergonomics like the contoured seat, adjustable depth, and 3D armrests support the body with grace, not excess.

Designed to adapt rather than dominate, SYNTRA offers tone-on-tone finishes, refined trims, and enduring materials. It is a chair that honours both movement and stillness, a considered object for spaces where design and detail speak louder than noise.

Product Description

- A Elastic Mesh back with FlexCore
- B Height adjustable lumbar support
- C Height adjustable armrests (removable)
- D Soft touch arm pads 3D
- E Pre-moulded DualCore seat cushion
- F Auto-adjusting tilt mechanism
