

## TRES

Designed By: Oficio

The Tres was conceived as a statement piece for the modern meeting room. Its form is defined by three bold drum bases, creating a sculptural rhythm that grounds the table with presence and intention.

The proportions are deliberate. A long, expansive surface rests above the bases, offering clarity and balance, while the triple support introduces a sense of symmetry that feels both functional and architectural. It is a table that does not fade into the background. It anchors the room and gives every conversation a stage.

Designed for boardrooms, collaborative spaces, and creative studios, Tres challenges the conventions of meeting furniture. Its distinctive character ensures it adapts across settings while always remaining unique, elevating the atmosphere of the space around it.

The Tres is more than a platform for work. It is a piece of design that brings focus, presence, and distinction to the way people come together.

# Product Description

## TRES

**TC- Single**
Top: 1200mm~1600mm
Base: 3 x 270mm Dia
Base Ht: 700mm
COL: Black.White.Custom

**TC- Dual**
Top: 1200mm~1600mm Deep x 1800mm~2400mm long
Base: 6 x 270mm Dia
Base Ht: 700mm
COL: Black.White.Custom

**TC- Triple**
Top: 1200mm~1600mm Deep x 2600mm~4800mm long
Base: 9 x 270mm Dia
Base Ht: 700mm
COL: Black.White.Custom

### EXECUTIVE BOX

Dual Lid with Brush Strip
4 x Switched GPO
1 x Inline USB A/C PD
Fast-Charge (30W shared)
Provision for 4 Data

**Finishes:**
Anodised lid or
Laminated to specification
